

B-SIDE GROWLERS STAGE DIAGRAM

STAGE FRONT

Notes:

- Our stands and mics aren't necessarily common, so we come prepared with our own ready to plug into provided xlr's, if need be.
We use:
 - (1) Audio Technica AT 4033/CL
 - (2) Shure SM 81 instrument mics
 - (2) Konig and Meyer 26075 one-hand quick adjust mic stands
- Also, because of the equipment we use we:
 - Require 48v phantom power
 - Typically don't use monitors
 - Set up behind the frontals
